Description

Gold Sink: The most up-to-date version of our product!

The kitchen sink is an essential component of every kitchen, and the brass sink is a type that is at the leading edge of innovation and is certain to make a bold statement in any home. The brand-new CU-550-BB series is an exquisite gold kitchen sink that has a brushed appearance. This sophisticated brushed gold sink has a one-of-a-kind design that will make it stand out wherever you place it in your house!

This brushed brass sink was made using only the highest quality components available. Because the topmount sinks are crafted from high-quality stainless steel, you can be assured that it will serve you well for many years to come.
