Description

Introduce refinement to your contemporary kitchen with Nivito's Black Kitchen Tap

Incorporating the RH-120 black tapware into your modern kitchen is an excellent way to bring a touch of elegance to your space. Enhance your cooking experience, as you explore your culinary skills in a classy, new environment.

Composed of top quality materials, the black mixer tap has an easy construction set-up. As a result, you can acquire an aesthetically pleasing tap in no time. In addition, this black kitchen mixer tap is easy to clean, and resists fingerprints and smudges.

Our matte black tapware also features a pull-out sprayer, which makes it convenient to use. The spout's high-arc design allows for enough space to fill pots, while washing the dishes. Its single-lever design also makes it easy to control the water temperature, making the process completely hassle-free.

Ensuring accessibility for a wide range of people, the black kitchen tapware is a stylish and useful addition to any kitchen.
