Description

Luxury Industrial Taps - Elegant and minimalist space for your kitchen

A true luxury for your modern kitchen. Elegant, minimalist and meaningful. This RH-340-IN brass kitchen tap with the sleek design and the beautiful color of a real industrial tapware will make your kitchen look luxurious. This brass tapware is a perfect choice for your modern kitchen.

On the other side, brass taps are made of sturdy stainless steel with a brushed gold coating finish. Because this gold tap is too durable to be rusted and it will give your kitchen a touch of elegance. If you want a kitchen tap that's both stylish and durable, choose the RH-340-IN by Nivito.
