Description

The gorgeous gold sink - Give your kitchen the elegance of brass

As one of the most used places in the kitchen, the heart of the home, it is critical to select a gold kitchen sink that is both attractive and useful. A brass brass sink is perfectly suited to the task. The beauty of the CU-500-BB is that it unites our traditional brushed gold sink designs with a modern brushed finish. With its gorgeous brushed brass sink appeal, you will never want to put anything else in your kitchen.

While many kitchen sinks are made of steel, these premium topmount sinks are truly stainless. It features a seamless design and an elegant, contemporary look that will shine in your kitchen!
